

Human Genetic Engineering

1. Given the opportunity, would you alter the DNA of your child to make them look 'perfect'?

- Yes
- No

Please explain your answer

Features you would be willing to alter in your child

Question Title

2. What features would you be willing to alter?

- Eye colour
- Hair colour
- Hair texture
- Skin colour
- Height
- Facial features
- NONE
- Other (please specify what features of your child you would alter)

The use of genetic technology to optimise attributes or capabilities for non-aesthetic purposes

Question Title

*** 3. Given the opportunity, would you enhance the capabilities of your child?**

- yes
- if no, Please explain why

Without changing the way your child looks, what would you want to alter or enhance?

Question Title

4. What would you enhance in your child?

- Intelligence
- Athletic abilities
- Strength
- Senses (e.g. hearing, sight, etc.)
- NONE
- Other (please specify)

The use of technology to alter DNA because of the possibility of passing on Genetic diseases

Question Title

*** 5. If you and your partner were in danger of passing on a genetic illness would you consider altering your child's DNA?**

- Yes
- No

Please explain your answer

The main factors that dictate whether or not you would alter the DNA of your child (1 being the least influential)

6. What do you think is the main reason that may cause you to decide against partaking in Human Genetic engineering?

	1	2	3	4	5
Religion	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Money	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Ethics	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Fear of the unknown	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

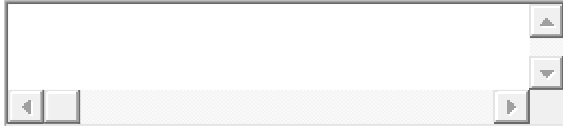

Other (please specify)

The future of Humans

Please explain what effects you feel the introduction of human genetic modification will have on future generations

Question Title

7. What effects, positive or negative, do you think that Human Genetic Engineering will have on man-kind?

Bottom of Form
